

LumiScapes by Cooleedge is a portfolio of standard products that deliver the unique immersive illumination experience of the outdoors at price levels that enable their use in everyday spaces.

FABRIQuiet

From the pioneers in meaningful acoustic light comes a matching sound absorbing feature to deliver design continuity.

FABRIQuiet is a sound absorbing panel that is the perfect acoustic complement to FABRICore, delivering the same exceptional noise reduction capability with matching aesthetics to ensure design continuity throughout your space. Use on their own or clip together to form large clouds areas. Mix & match with FABRICore luminaires to combine immersive illumination with a complete acoustic solution for open area designs in a variety of applications.

UNIQUE DESIGN AESTHETIC... EXCEPTIONAL VALUE

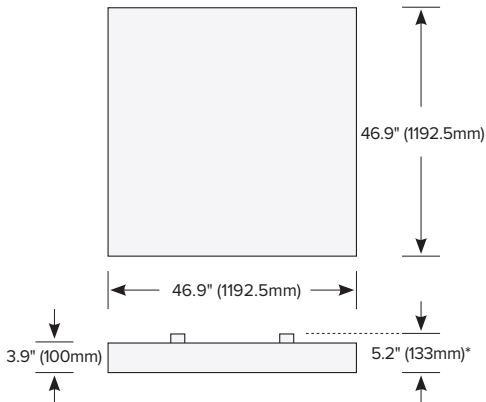

- FABRIQuiet panels incorporate a fabric face to complement the fabric diffusers of FABRICore luminaires
- Use in spaces where sound absorption needs are high but illuminance levels and energy consumption are low – meaning fewer FABRICore acoustic luminaires are contributing to noise reduction
- Deliver a full immersive illumination experience in everyday spaces with FABRICore luminaires and provide additional noise reduction with FABRIQuiet panels without breaking the budget
- FABRIQuiet offers a unique design alternative to acoustic clouds, panels, or baffles at highly competitive prices

PERFORMANCE HIGHLIGHTS

- Size = 46.9" x 46.9" (1192.5mm x 1192.5mm)
- NRC = 0.65-0.95 (dependent upon mounting option)

A CHOICE OF MOUNTING OPTIONS TO FIT YOUR SPACE

<p>Suspended: Ideal for open areas, suspended models can be clipped together to form larger acoustic elements that provide significant noise reduction. (Mounting kit required)</p>	<p>Surface Mount: Mounts directly to drywall or plaster. Designed to allow panels to be mounted side-by-side to create large acoustic canopies with negligible lines.</p>
<p>Grid (T-Bar): Lay-in mounting for drop ceilings enables you use single or multiple panels to supplement noise reduction along side FABRICore luminaires. (Mounting kit required for imperial T-bar ceilings to allow lay-in mounting)</p>	<p>Recessed (1X1 only): Ideal for corridors or low ceilings, recessed models are mounted within the ceiling to add noise reduction in combination with illumination provided by FABRICore luminaires. (Mounting kit required - includes trim)</p>
